

## Our Vision

To cater for the needs of local communities by providing a tasteful, healthier and superior quality of Fresh, Frozen and Value-added seafood products at affordable prices.

To build a good relationship, is the basis on which we operate with our customers.

To contribute to sustainability and succeed in the fishing communities.

To remain proud supporters of the artisanal fishing industry thus making every effort to select the finest quality of product from our local fishermen.

# Aquaman Supplies

*Caught Wild - Bought Fresh*

## Our Mission

We are committed to sourcing our seafood so as to minimize damaging impacts to our oceans by exercising sustainable fishing practices.

We strive to bring seafood delicacies to everyone and make it easy and convenient to stock your freezers with high quality seafood.

Making the most in order to exceed the customer expectation consistently through commitment and innovation based on a good, reliable and mutual relationship.

## Our Principles

- Healthy - Sustainable
- High Quality - Tasteful

## Our Services

Our aim is to give our seafood lovers the ability to have access to an array/variety of seafood that may not be always readily available. Aquaman Supplies offers a variety of fresh and frozen seafood products caught and processed in-house to meet all tastes, all types of meals and all eating occasions.

We prepare your order according to your specifications, all fresh & filleted, ready to cook or freeze for later use. All products are carefully handled, wrapped, or sealed and kept at the right temperature during transportation to maintain its quality.

Delivery service available on Mahé, Praslin & La Digue. Reach out to us any time to place your order.

Enjoy the fantastic quality seafood delivered straight to your door with Aquaman Supplies
