LRQA Certified

Food Safe

Our copolymer material is free from BPA and environmental concern, ensuring safety and reducing health risks in your daily use.

Strong & Sturdy

The material is strong, sturdy and durable. Suitable for long term use.

Anti Termite

Made with a specially selected plastic core that provides termite resistance, ensuring the durability and longevity of our products.

Anti Fungal & Bacterial

Coated with a copolymer material that is anti-fungal and bacterial, making it easy to clean and extending its product lifetime.

Certified by ISO 9001 : 2015 in standard quality, all products supported by our experienced human resources, built with advanced 170 machines with capacity around 1000 ton per month and used the high grade material of 100% virgin plastic. In Indonesia, we have 4 factories and recently we just launched our biggest factory around 10 Hectares at Nganjuk, 1.5 hours driving from Surabaya.

Our company is a houseware plastic manufacturer located in Surabaya, East Java, Indonesia.

Made in Indonesia with Best Quality

Innovating continuously since 1993
